University of Texas Rio Grande Valley — Edinburg, TX
B.S. in Computer Engineering — *Expected: May 2023*
Relevant Coursework: Computer Science I/II, Software Engineering I/II, Algorithms and Data Structures

South Texas College — McAllen, TX
A.S. in Computer Science — *May 2019*

TECHNICAL SKILLS

Relevant Skills: Web Development with HTML, CSS, and JavaScript (2 years), User Interface Design (2 years), Front-end development with React.js (1 year), Python (less than 1 year), MySQL (less than 1 year)

Other Skills: Fluent in English and Spanish

SOFTWARE PROJECTS

Personal Website
- Designed and implemented a website using React.js as the main framework while also using CSS to stylize the components.
- Used to display works, such as software projects and personal photography, such as the sky, the trees, and other pieces of nature surrounding us.
- A graduation countdown feature was also implemented using technologies, such as React Bootstrap and Hooks to automatically update the progress bar and percentage every hour that passes.

CV Website
- Designed and implemented a single-page application to display information such as education, work experience, and software projects using HTML, CSS, and JavaScript.
- Past, future, and current courses are also included to give potential recruiters an idea of what stage I am at in my undergraduate career.

EXPERIENCE

Retail Salesperson — December 2022 - March 2023
Walgreens — *McAllen, TX*
- Restocked products in their respective bays
- Replace or add any tags that were missing or contained a discount
- Pulled out any expired products that were due to expire or have already been expired
- Helped move products to the promotional section of the store where needed

Maintenance/Sanitary Crew — June 2022 – July 2022
Walgreens — *McAllen, TX*
- Restocked any products that were either sold out or lacking in supply
- Cleaned areas of the store to ensure that it looks both presentable and welcoming to incoming customers
- Faced any products behind the shelves to the front and put them in the correct bays and aisles to save customers the time of reaching into the back to retrieve it
- Assisted customers in finding a product they need and occasionally answering questions or concerns they might have
